The Minister

CANADIAN FORCES SUPPORT TO THE GOVERNMENT OF ALBERTA

1. On 21 June 2013, you received requests from Minister of Public Safety for the assistance of the Canadian Armed Forces to respond to flooding in the Southern Foothills region of Alberta (Tabs A and B). Based upon your direction, the Canadian Armed Forces deployed and are assisting the Province of Alberta in supporting provincial and municipal authorities in their flood relief operations through the:

- Evacuation and safeguarding of at risk persons;
- Safeguarding of critical infrastructure from flooding;
- Resupply of those areas isolated by flooding as requested by civil authorities;
- Provision of engineering, logistic and humanitarian relief support to those communities that must shelter in place;
- Assistance in informing the public of the need to avoid entry in to those areas evacuated, damaged, or that are otherwise in need of control and surveillance in order to ensure the safety of emergency personnel and evacuees.

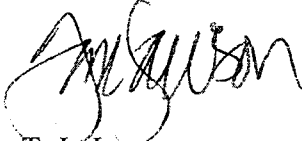

2. Although the Government of Alberta has indicated that medical services are likely to be disrupted by the flooding, they have not requested medical assistance and Canadian Armed Forces personnel are restricted to providing emergency care only. If medical assistance beyond emergency care is requested by the Province, your authorization will be required.

3. Canadian Armed Forces personnel will not engage in law enforcement activities. Should the support of the Canadian Armed Forces be required to provide assistance to law enforcement authorities, it will be the subject of another request.

4. In accordance with current financial policies, the Department of National Defence will continue to capture all incremental costs associated with services provided and recover appropriate incremental costs from the applicable federal government department.

s.69(1)

5. We recommend that you sign the enclosed letter to the Minister of Public Safety (Tab C) formally indicating that the Canadian Armed Forces will respond to the requests and the enclosed letter confirming your authorization and direction to the CDS that the Canadian Armed Forces is to provide the support listed above (Tab D).

T. J. Lawson
General
Chief of the Defence Staff

Richard B. Fadden

340 Laurier Avenue West
Ottawa, ON K1A 0P8

Dear Colleague,

I am writing in response to your communications of 21 June 13 requesting the assistance of the Canadian Armed Forces in support of the Government of Alberta as it responds to the flooding in the Southern Foothills region of Alberta.

Pursuant to section 273.6 (1) of the *National Defence Act*, I confirm that the Canadian Forces can provide support to the Province of Alberta in its operations to mitigate the effects of the flood. I have therefore authorized the Canadian Forces to provide the following assistance:

- Evacuation and safeguarding of at risk persons;
- Safeguarding of critical infrastructure from flooding;
- Resupply of those areas isolated by flooding as requested by civil authorities;
- Provision of engineering, logistic and humanitarian relief support to those communities that must shelter in place;
- Assistance in informing the public of the need to avoid entry in to those areas evacuated, damaged, or that are otherwise in need of control and surveillance in order to ensure the safety of emergency personnel and evacuees.

I acknowledge that the Canadian Armed Forces has not been requested to provide medical services despite that fact that these services have been disrupted, and note that Canadian Armed Forces personnel are therefore restricted to providing emergency care. If further medical assistance beyond emergency care is required by the Province, then another request will need to be submitted and approved.

Canadian Armed Forces personnel will not engage in law enforcement activities. If assistance to law enforcement authorities is required by the Province, then another request will need to be submitted and approved.

Canada

- 2 -

In accordance with the Treasury Board "Policy on Interdepartmental Charging and Transfers Between Appropriations," the Department of National Defence will capture all incremental costs associated with services provided and recover those costs from your department.

Sincerely,

A handwritten signature in cursive script, appearing to read "Peter MacKay".

Peter MacKay, P.C., M.P.

101 Colonel By Drive
Ottawa, Ontario K1A 0K2

General,

In response and letter of 21 June 2013 from the Minister of Public Safety to me requesting the assistance of the Canadian Armed Forces (CAF) to the Province of Alberta to respond to widespread flooding in Southern Foothills region of Alberta, I have responded to the Minister of Public Safety to confirm that pursuant to sections 273.6(1) of the *National Defence Act*, the CAF will provide support to the Province of Alberta in its operations to support provincial and municipal authorities in their flood relief operations. Based on this letter, I authorize the Canadian Armed Forces to provide the following assistance to the Province of Alberta to support them in their flood relief operations:

- Evacuation and safeguarding of at risk persons;
- Safeguarding of critical infrastructure from flooding;
- Resupply of those areas isolated by flooding as requested by civil authorities;
- Provision of engineering, logistic and humanitarian relief support to those communities that must shelter in place;
- Assistance in informing the public of the need to avoid entry in to those areas evacuated, damaged, or that are otherwise in need of control and surveillance in order to ensure the safety of emergency personnel and evacuees.

Although the Government of Alberta has indicated that medical services are likely to be disrupted by the flooding, they have not requested medical assistance. CAF personnel are therefore restricted to providing emergency care only. If further medical assistance beyond emergency care is required by the Province, then another request will need to be submitted and approved.

.../2

Canada

- 2 -

Canadian Armed Forces personnel will not engage in law enforcement activities. If any assistance to law enforcement authority activities are required by the Province, then another request will need to be submitted and approved.

Sincerely,

A handwritten signature in cursive script, appearing to read "Peter MacKay".

JUN 21 2013

The Honourable Peter MacKay, P.C., M.P.
Minister of National Defence
Major-General George R. Pearkes Building
Ottawa, Ontario K1A 0K2

Dear colleague:

A serious situation has developed in the province of Alberta as a result of the recent flooding in the Southern Foothills region of the province. The Alberta Minister Responsible for Emergency Response has assessed that the current situation requires resources beyond those available to the province of Alberta and he has requested federal assistance in dealing with this urgent situation (see enclosed) in the province and specifically, the resources of the Canadian Forces (CF).

Based on collaborative federal planning efforts and after reviewing the Alberta request, it appears that the unique assets and skill of the CF are required to provide assistance to the province in their operations to mitigate the effects of the flooding. In summary, the following assistance is requested by the government of Alberta to deal with this:

- Evacuation and safeguarding of at risk persons;
- Safeguarding of critical infrastructure from flooding;
- Aerial and ground resupply of those areas isolated by flooding as requested by civil authorities;
- Provision of engineering and humanitarian relief support to those communities that must shelter in place; and
- Assistance in informing the public of the need to avoid entry into those areas evacuated, damaged, or that otherwise are in need of control and surveillance in order to ensure the safety of emergency personnel and evacuees.

I trust you will agree that the provision of this assistance cannot be accomplished effectively without the assistance of the CF, and that the provision of such assistance involves public service.

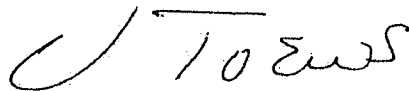

Canada

Given the foregoing, and pursuant to subsection 273.6(1) of the *National Defence Act*, I respectfully request that you issue directions to authorize the CF to provide assistance to the government of Alberta in responding to the flooding situation in that province.

No assistance to law enforcement by the CF under subsection 273.6(2) of the *National Defence Act* is anticipated at this time.

Your support in this matter would be greatly appreciated.

Yours sincerely,

A handwritten signature in black ink, appearing to read "Vic Toews". The signature is written in a cursive style with a horizontal line above the "T" and "o".

Vic Toews, P.C., Q.C., M.P.

Enclosure: (1)

June 21st 2013,

The Honourable Victor Toews
Office of the Minister
Public Safety Canada
269 Laurier Avenue, 19th floor.
Ottawa, Ontario, K1A0P8

Dear Minister,

As you are no doubt already aware, we are seeing flooding of unprecedented historical proportions in the Southern Foothills region of Alberta, requiring an emergency and humanitarian response that will exceed the current capacity of many of our smaller communities, and in the immediate term, the Province of Alberta. I am therefore writing to seek your support in the provision of the Canadian Forces (CF) to assist us with the evacuation and safeguarding of at risk persons and critical infrastructure threatened by this fast moving disaster and its effects. Likely tasks would include the aerial and ground resupply of those areas isolated by flooding and the destruction of transportation networks, the provision of engineering and humanitarian relief support those communities that must shelter in place for a significant period of time, and assistance in the access control or re-entry those areas evacuated, damaged, or that otherwise need control and surveillance in order to ensure the safety of emergency personnel and evacuees. I do not foresee a requirement to use the CF members as peace officers, and I do not see a requirement to arm them for these humanitarian and disaster response duties.

I anticipate requiring military support until the affected communities have re-established critical life support services, including power, water and medical services, and movement and resupply via ground transportation routes is safe and sustainable. I would also request to retain the support of the CF until after the peak water mark has passed safely through Medicine Hat, which is anticipated to be on or about 24 June 2012.

I do not make this request lightly, and appreciate the support of the Federal Government and the members of the Defence and Public Safety teams have shown the people of Alberta in this time of dire need.

Sincerely

Douglas Griffiths

Incident Number T2013-00513	SAR Name High River Flooding Req Assistance	Classification/Category H1	Date 20Jun2013 1845Z
--------------------------------	--	-------------------------------	-------------------------

JRCC Trenton

Incident Description

Alert By: RCMP Alberta	Situation: Stranded
Alert Via: POLICE	Primary Action: Rescue
Alert Time: 20Jun2013 1845Z	Cause: WEATHER
Object Sighted:	<u>Lives</u>
Complete(end) at: 06/27/13 22:20:57	POB: 31
Location: HIGH RIVER, AB	Assisted: 0
Prov/State:	Saved: 31
Latitude: 50° 32.00' N	Missing: 0
Longitude: 113° 50.00' W	Lost: 0
LKP Latitude:	
LKP Longitude:	Initial Class: H1 - Humanitarian - Distress
LKP DTG:	Final Class: H1 - Humanitarian - Distress
Distance from shore: 0.0 NM	SAR Area: 257 - Alberta

Incident Summary

Request from RCMP for air assistance related to flooding in High River AB whereby a state of evacuation has been declared due to water levels. 442 Sqn Comox Cormorants R903 and R907 tasked, 417 Sqn Cold lake Griffons R417 and R495 tasked, 435 Sqn Herc R333 tasked for night illumination, USAF UH-1s helos out of Great Falls MO and Spokane WA tasked but subsequently stood down before take off. R417 and R903 hoisted approx 31 persons so far before max crew day, both on the ground crew resting near High River on private strip. R907 stuck in transit at Castlegar BC due to fog and CB's, awaiting weather lift on crew rest. R333 RTB for the night. R403 transitted from Cold Lake morning of 21st and is now onscene. As of message dated 21 Jun 3023 at 1613z, JTFW has assumed command of the case. R333 and R903 released from case. JRCC case closed.

Tim, Mike,
Did you guys work out the authority chain last night?

should be something like;
-province request to MND
- MND approval to province (letter)
-MND direction to CDS to provide assistance (letter)
- CDS issues direction to CJOC to provide assistance (CDS directive/task ord?)
-CJOC issues orders to LFWA to support.

While all above can be started with verbal or e-mail direction the formal paper will need to follow.
Your views please?

John

Statement by the Prime Minister of Canada on the flooding situation in Alberta

June 20, 2013
Ottawa, Ontario

Prime Minister Stephen Harper issued the following statement on the flooding situation in Alberta:

"Our thoughts and prayers are with those families who have been affected by the serious flooding in Calgary and Southern Alberta.

"I want to assure Albertans that the federal government has offered any and all possible assistance to the Province of Alberta in response to the situation. Canadian Armed Forces assets, including a Cormorant and Griffon helicopter, have been deployed to the area to assist the Alberta Provincial Emergency team with rescue and evacuation efforts.

"We hope for a speedy end to the flooding and return to safe conditions as soon as possible. We remain ready to provide additional assistance if requested by provincial authorities."

Mieke -- will do. As I understand the situation, there has been no RFA from Alberta, and we do not require any exchange of letters to do SAR or preposition. In the event of an RFA, things can go on verbal between MND and MPS, and then MND-CDS, and the paperwork can catch up. But I don't think we're there yet. This will undoubtedly be discussed at the 0930 meeting.

The Honourable Vic Toews, P.C., Q.C., M.P.
Minister of Public Safety
Sir Wilfred Laurier Building
340 Laurier Avenue West
Ottawa, ON K1A 0P8

Dear Colleague,

I am writing in response to the request from the Government of Alberta of 21 June 13 requesting the assistance of the Government of Canada to respond to the flooding of the Southern Foothills region of Albert and your request for Canadian Forces assistance as part of the federal response.

Pursuant to section 273.6 (1) of the *National Defence Act*, I confirm that the Canadian Forces can provide support to the Province of Alberta in its operations to mitigate the effects of the flood. I have therefore authorized the Canadian Forces to provide the following assistance:

- Evacuation and safeguarding of at risk persons;
- Safeguarding of critical infrastructure from flooding;
- Aerial and ground resupply of those areas isolated by flooding as requested by civil authorities;
- Provision of engineering and humanitarian relief support to those communities that must shelter in place;
- Assistance in the informing the public to the need avoid entry in to those areas evacuated, damaged, or that otherwise in need of control and surveillance in order to ensure the safety of emergency personnel and evacuees.

I acknowledge that the Canadian Armed Forces has not been requested to provide medical services despite that fact that these services have been disrupted and note that Canadian Armed Forces personnel are therefore restricted to providing emergency care. If further medical assistance is required by the Province, then another request will need to be submitted and approved.

Also, as the Government of Alberta does not foresee the requirement to use the Canadian Armed Forces members as peace officers, I have not authorized personnel to physically restrain members of the public from entering evacuated, damaged or areas otherwise in need of control nor in the protection of critical infrastructure from vandalism, theft or other criminal acts. If further assistance to law enforcement authorities is required by the Province, then another request will need to be submitted and approved.

In accordance with the Treasury Board "Policy on Interdepartmental Charging and Transfers Between Appropriations," the Department of National Defence will capture all incremental costs associated with services provided and recover those costs from your department.

Sincerely,

Peter MacKay, P.C., M.P.

MEMORANDUM FOR THE MINISTER

**REQUEST FOR FEDERAL ASSISTANCE
BY THE PROVINCE OF ALBERTA**

(Decision sought)

ISSUE

The Minister Responsible for Emergency Response in the Government of the Province of Alberta has requested the assistance of the Government of Canada to respond to the flooding of the Southern Foothills region of Alberta (**TAB A**).

CURRENT STATUS

On June 21, 2013, the Alberta Minister Responsible for Emergency Response in that Province contacted you to request federal assistance from the Canadian Forces (CF), which would be pursuant to subsection 273.6(1) of the *National Defence Act*. The Province identified its needs, which include evacuation and safeguarding of at risk persons and critical infrastructure. Also requested is assistance in aerial and ground resupply of those areas isolated by flooding and the destruction of transportation networks, the provision of engineering and humanitarian relief support to those communities that must shelter in place for a significant period of time, and assistance in the access control or re-entry of areas evacuated, damaged, or that otherwise need control and surveillance to ensure the safety of emergency personnel and evacuees.

The Province of the Government of Alberta anticipates that CF assistance will be required until the affected communities have re-established critical life support services, including power, water and medical services, and ground transportation routes for the movement and resupply.

.../2

UNCLASSIFIED

- 2 -

It is our understanding that the CF has already been verbally authorized by the Minister of National Defence to provide this humanitarian assistance to the Province of Alberta.

RECOMMENDATION

It is recommended that you sign the attached letter to the Minister of National Defence (**TAB B**) requesting that he issue directions authorizing CF support pursuant to subsection 273.6(1) of the *National Defence Act*.

Should you require additional information, please do not hesitate to contact me or Mr. Shawn Tupper, Assistant Deputy Minister, Emergency Management and Regional Operations Branch, at 613-990-2743.

François Guimont

June 26th 2013,

The Honourable Victor Toews
Office of the Minister
Public Safety Canada
269 Laurier Avenue, 19th floor.
Ottawa, Ontario, K1A0P8

Dear Minister,

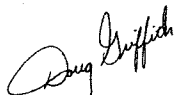

On the 21st of June, on behalf of the Government of Alberta, I requested the support of the Canadian Armed Forces (CAF) to aid the Province in responding to unprecedented flooding across southern Alberta.

The efforts of these fine soldiers, sailors, airmen and airwomen were nothing but superb. The dedication and devotion they demonstrated in supporting Albertans during this highly stressful and frightening event, did not go unnoticed. In my travels across southern Alberta over the past five days, I have had the occasion to meet with and personally thank the personnel for their support to the Province and the communities directly impacted by flooding.

As the emergency phase of the flooding situation in all communities except High River has moved from response to recovery, we anticipate that these communities will be able to sustain recovery efforts with their own resources. Critical life support services such as power, water, medical services and ground transportation resupply routes have now been re-established. As such, I wish to inform you that as of 1200 hours, June 27th 2013, the CAF should consider themselves released by the Government of Alberta, and are free to return to their home stations.

We deeply appreciate the demonstrated and continuing support of the Federal Government and especially the members of the Defence and Public Safety teams. It is comforting to know that in times of dire need, we can depend on our friends to come to our aid.

Sincerely

Douglas Griffiths

Minister of Municipal Affairs

Minister Responsible for Emergency Response

MND concluded conversation with Premier Redford. A couple of points have been asked to be passed down with a requirement to acknowledge receipt at LFWA/JTFW level.

Asks that consideration be given to pre-positioning Eng assets IVO High River to assist in rebuilding bridges (not sure if this is already an included or implied task in MNDO direction or if TaskO covers this). Also extends offer from George Canyon to use his ranch as a staging/helo landing area if required. Text quoted in detail below.

Recommend an ack from CJOC be sought soonest and passed back to MNDO (LCdr Belair is the duty MA).

SWO,
MND received a called this evening from Premier Redford.

MNDO provides the following feedback from their call which is requested be provided to Comd LFWA/JTFW for planning and consideration:
"The Minister asked that this info be passed to CJOC or people on ground. The Minister just spoke with Premier Redford. There is a concern that flooding could wash out bridges particularly in High River area. MND suggested we should look at moving material and engineers into area in the event temporary spans need to be set up.

Second Hon Colonel George Canyon has a ranch in Okotoks area and there is plenty of room if we need a space for CAF to store equipment or land helicopters."

Pls ack and req receipt once info has reached Comd LFWA/JTFW.

Subject: FW: 039 - Invitation: Interdepartmental Prairies Flooding Meeting 24 Jun 2013 from 10:00 to 12:00 EDT.

David,

FYI, the GOC has called an interdepartmental meeting at the working level dealing with the floods (see e-mail below). CJOC will be represented during this meeting by our J3C (probably Martin Perron or Rob Justice). However, the dist list is BCC and I am not sure if ADM(Pol) has received this invitation as well. If not, here it is. You will also note that the GOC is indicating that there will also be a DG Event Response Committee level call the afternoon of 24 Jun. CJOC will be invited to this meeting as well.

Tomorrow,

As Keith F.

Vahan and Adelle will be covering for me. Please include them in all comms tomorrow. I will be monitoring my BB as well.

Should you have any questions, please do not hesitate to contact the Government Operations Centre (goc-cog)

Bonjour

Le Centre des opérations du gouvernement (COG) vous invite à participer à une réunion interministérielle de niveau opérationnel sur les inondations en cours dans les Prairies. La réunion se tiendra dans les locaux du COG, le 24 juin 2013, de 10 h à midi (HAE)

Les personnes dans l'impossibilité d'y assister en personne auront l'option de la téléconférence :

Numéro de téléphone : 613-960-7511 ou 1-877-413-4782

Code de conférence :

La réunion vise à discuter des impacts sur les infrastructures essentielles et d'actifs fédéraux et de rechercher vos commentaires sur les inondations dans les Prairies. Veuillez noter qu'il y aura un appel au niveau du Comité des DG dans l'après-midi du 24 juin.

S'il vous plaît aviser votre intention d'assister à la réunion ou de participer par téléconférence au goc-cog

Si vous avez des questions, n'hésitez pas à communiquer avec le Centre des opérations du gouvernement (goc-cog)

Subject: URGENT: Alberta Flooding - Ad Hoc ADM-EMC Level Teleconference - TODAY / URGENT: Les inondations de l'Alberta - Téléconférence spéciale au niveau SMA - AUJOURD'HUI

(La version française suit ci-bas.)

Hello,

You are invited to attend a special ad hoc ADM-level teleconference to be held **today**, Monday, June 24, 2013, from 3:30 p.m. to 4:00 p.m. to discuss issues related to Alberta flooding. The agenda will be as follows:

1. Situational update (GOC)
2. ADM level issues
3. Roundtable

The dial-in information is as follows:

- At 2:55 p.m. (EDT), please dial 613-960-7510 or 1-877-413-4718.
- The passcode is

Please acknowledge receipt of this message and provide the name of the person who will be attending the call at ADMPSO@ps-sp.gc.ca.

Thank you.

Bonjour,

Vous êtes invité à participer à une téléconférence spéciale des SMA, qui aura lieu **aujourd'hui**, le lundi, 24 juin 2013, de 15h30 à 16h00, afin de discuter des répercussions de l'inondation de l'Alberta. L'ordre du jour inclura :

1. Mise-à-jour situationnelle (COG);
2. Enjeux relatifs aux SMA
3. Tour de table

s.16(2)(c)

Voici l'information dont vous aurez besoin :

- À 14h55 (HAE), composez le 613-960-7510 ou le 1-877-413-4718.
- Le code est

Veillez accuser réception de ce message et fournir le nom de la personne qui participera à la téléconférence à ADMPSO@ps-sp.gc.ca.

Merci.

Mike;

Just in, though the time looks a little late. The last current ops issue - Minnewanka - is no longer a concern. Prov of AB is staffing a letter to PS for termination of CF support - supposed to have happened with PS this afternoon.

WH Pol;

Is possible to determine if its coming up into PS? Thanks.

Sir,

Please note from discussion with the JTFW Dom Ops LNO and the Alberta EMA:

4. The Minnewanka Reservoir is no longer an issue. Water flow is currently at 44 CMS and will remain at this rate. The Reservoir level is stable and no longer rising. The diversion channel on the Ghost River has been completed and water is being diverted. By midnight tonight they anticipate having inflow to the reservoir completely stopped.

5. AEMA plans has the CF termination letter written and will submit it to Public Safety Canada for review this afternoon. **They anticipate that all will be concluded by 1200 hrs 26 June 13.**

AEMA has just concluded the 1400hr update. Key points are:

1. Situation throughout the AO is improving. Many services have been restored in whole or part in a number of communities.
2. Hwy 1 (to BC) will re-open sometime after 1500 hrs today (but with reduced speeds in certain areas).
3. An MPE engineering team is on location at Eden Valley and is working on the water treatment plant. Also, assessing the bridge in question and will repair it soonest.
4. The Minnewanka Reservoir is no longer an issue. Water flow is currently at 44 CMS and will remain at this rate. The Reservoir level is stable and no longer rising. The diversion channel on the Ghost River has been completed and water is being diverted. By midnight tonight they anticipate having inflow to the reservoir completely stopped.
5. AEMA plans has the CF termination letter written and will submit it to Public Safety Canada for review this afternoon. They anticipate that all will be concluded by 1200 hrs 26 June 13.

Chris,

The MND signed on Friday but we needed DM and CDS signatures on the package so it did not get back to the MNDO until Tues or Wed. Short answer, I don't have a copy of the signed letter yet and it may not have made it back to MPS. I have attached a soft copy, unsigned. The MDN's letter should be identical.

SJS/Pol/Legal/PA ALCON;
Copy of AB Prov letter to Min PS, req the CF to be clr of all tasks by 1200 MDT tomorrow. Not absolutely reqr (per se) for CF immed disengagement + withdrawal as that's been pre-auth based on TX Conditions estbl by CJOC; but nonetheless good to have for record, completeness of the process, and consistent in closing the req as generated by AB.
Any further letters (ex: PS, MND) I'd ask that Pol determine, SJS + Legal teams to sp as reqr. Thanks.

Sir,

This just in.

I spoke with Steve a moment before receiving this and his take was that troops could start moving before noon tomorrow with the knowledge that they were free of responsibility at noon. However, my read of this letter makes it appear to me that we are staying until noon.

I haven't been able to talk with John as Premier Redford was here until a few minutes ago and he is fully engaged.

Hi Dave. I now know that you're not back in the office until next week, but wanted to nevertheless link you up with Jennifer Chan, Emergency Management Policy. She has been tasked with drafting a note that will respond to the cost recovery paragraph in the anticipated letter from the Minister DND.

as of end of day today, I thought that you two may have cause to chat. Jennifer's phone number is 991-7785 (Jennifer, Dave's is 992-3696). Jill Sinclair's office is aware that a response is being prepared.

Cheers – Chris.

Hi Dave. For your SA only ...

Feel free to call me at home, or respond via email while I'm away. I can give you a verbal context as well.

Hope you're having/had a good long weekend - cheers, Chris.

Subject: Alberta Flood - Correspondance related to the Request for Assistance of June 21st.

Hi John. I've left a phone message which you can now ignore.

Here is the state of the world. Craig has just confirmed with me verbally that the Minister's Office wants one response letter from our Minister to his DND counterpart. It will address two things.

The first is the DND desire for cost recovery, as described in the last paragraph of the letter that Craig forwarded to you (I've attached it above). It is the version of the DND ministerial response letter that is, as of yesterday, still winding its way up the CF side of DND. Our Minister has not yet received the official, signed letter from Minister MacKay. I believe that the wording will be identical. This is the task that was assigned yesterday to Jennifer Chan in your shop, with whom I've chatted today.

The second part of the response will acknowledge the provincial request to stand down CF activity as of 12:00, June 27, 2013. In case you have not yet received a copy of that correspondence, I have also attached it to this note.

The one response letter from our Minister to his colleague on these two issues is, I understand, to be drafted and routed through Emergency Management Policy. I will be your primary contact in terms of providing background/context, and as the GOC person responsible for reviewing the drafted materials.

as of end of day today, I will regularly check my bb and will respond to your queries as soon as I see them. My home phone is in case you wish to speak live ... feel free to leave a message if I don't pick-up right away.

Talk soon - Chris.

Tim,
We have asked Alberta to engage Public Safety at the regional level and pass the message that the CAF is no longer required in Alberta. Just a heads up that this message should also be coming to the GOC/PS from the province shortly. If you have any questions, give me a call.

Jen,
Thanks, we would appreciate a copy. Try e-mailing me at DavidRobinson@polhq.cmil.ca. Our IT guys tell me that if you are on a C5 machine you should be able to get it to me.

I tracked down the letter and it should be in the mail to MPS today.

Hi again Dave,

Just wondering if you have access to C5 or secure fax? If so, I can send over an advance copy of our response, in addition to a copy of the letter we had sent to your ADM Pol back in January (I think you mentioned you hadn't seen it). I'm waiting for my DG to approve the response but should be ready to send by the end of the week.

Thanks,
Jen

Hi Dave, thanks a lot. Really appreciate it.
Let me know if you find out when the letter was sent.

I will see if we are able to provide you with an advance copy of what we have prepared in response.

Thanks again,
Jen
