

## **HIGH RIVER FIREARMS "SEIZED-LOCATED AND SECURED" BY DATE**

Dennis R. Young - Airdrie, Alberta - June 6, 2014

I have completed my analysis of the High River Firearms Spreadsheet listing some of the information released by the RCMP with respect to the unwarranted search of 112 High River homes and seizure of 609 firearms between June 20, 2013 and July 10, 2013. ([See pages 57 and 58 of the RCMP 212-PAGE ATI Act response - RCMP ATIP File: A-2013-04640](#))

NOTE #1: PDF pages 55 and 56 of stated: "Unfortunately, there are certain circumstances which have resulted in the inability to locate and document accurate information. Consequently, the spreadsheet can only be interpreted as an approximation of the firearm statistics from the High River Flood." Of course, the RCMP blanked out the page that lists the reasons for this "approximation of the firearm statistics."

NOTE #2: The column on the firearms spreadsheet titled "LOCATION WHERE RECOVERED" was blanked out by the RCMP. Consequently, only the RCMP knows the location where the officers found the firearms in each of the 112 homes. [A complaint has been filed with the Information Commissioner to try and obtain this information.](#)

### **FRIDAY JUNE 21, 2013**

Homes searched without warrant = 9  
Firearms seized without warrant = 28  
Other items seized without warrant  
- none listed for this date

### **SATURDAY JUNE 22, 2013**

Homes searched without warrant = 2
