Dear Ms. Legault:

Re: MISSING RECORDS COMPLAINT RCMP FILE: A-2014-04142

Please find attached a copy of my original *Access to Information Act* request and a copy of the RCMP's one-page response dated August 13, 2014 that I received on August 19, 2014. I wish to complain about the records that are obviously missing from the RCMP response.

I specifically requested: For the period from June 20, 2013 to July 10, 2013, please provide the following: (1) Copies of all communication logs making reference to High River, CPIC and firearms; and (2) Copies of all records, documents, purchase orders, invoices, receipts, statements of account and requests made with regard to having radios reprogrammed to voice privacy for use in High River and /or for the delivery of encrypted, coded radios obtained from contractors to be used by RCMP personnel serving in High River during this period.

I was willing to accept this one-page response until I searched through their response to my previous request: RCMP FILE: A-2013-04354. On page 000177 of that RCMP response there is an e-mail from RCMP Inspector Suk. Pal, Executive Officer with the RCMP Commissioner's office. The Inspector is asking then Asst. Commissioner Marianne Ryan to send all relevant High River documentation to the Commission for Public Complaints Against the RCMP. In this list is a reference to "communication centre (OCC) recordings". This confirms that such logs exist and should have been provided to me in response to Item #1 of my request.

Here is the link to that section of the response with the e-mail in question:
<https://nfa.ca/sites/default/files/151-184.pdf>

Please have the RCMP provide copies of all the recordings or a transcript of all these recordings that mention High River for the period in question.

Yours sincerely,
