

Spring 2022

*I believe Canada needs
a 100% PRO-GUN Prime Minister.
If you agree with me, I need your help to shape the
issues of the 2022 Conservative leadership race.
Right now...*

Dear Friend,

Please complete the enclosed **Conservative Firearms Issues Survey** and use the postage-paid envelope to send it back to me right away.

The survey, which is officially sponsored by Canada's **National Firearms Association (NFA)**, is your chance to show Conservative Party leadership candidates where you stand on the most important issues facing firearms enthusiasts and gun owners.

This survey is how we shape the issues of the Conservative leadership race and, I hope, ensure our next Prime Minister is 100 percent PRO-GUN!

So please, fill out your survey and return it to me immediately. We don't have a lot of time for me to compile the results and deliver them to Conservative leadership campaigns.

The Conservatives will pick their next leader in September. Leadership candidates have already begun building their platforms.

The time to make our voices heard is **NOW**. We need **BIG** numbers to have a **HUGE** impact on the Conservative leadership race, which is why I'm hoping to hear from you ASAP!

That's how we'll make sure Conservative leadership candidates know that law-abiding gun owners **will not be ignored.**

After all, it is absolutely imperative that law-abiding gun owners and firearms enthusiasts have a strong ally in Parliament.

Remember, **the Trudeau Liberals have entered into a coalition with the gun-hating NDP.**

Now, more than ever, we need the Conservative Party to stand up for our rights against the Liberal-NDP coalition that would like nothing better than to take away every single one of our guns.

But you and I both know the politicians (even the ones who are supposed to be on our side!!!) won't act to save gun rights unless we show them we mean business with an overwhelming response to the NFA's new survey project.

We must show candidates that only a 100% PRO-GUN Conservative Party will be acceptable to the NFA.

You already know the contempt the Liberal Party has for gun enthusiasts like you and me.

In May 2020, the Trudeau Liberals banned 9,500 of our legally obtained, responsibly stored, and lawfully licensed firearms.

Then they gave themselves two years to confiscate the property of thousands of Canadians. Well, guess what?

The Liberals couldn't get the job done in time.

But instead of admitting their authoritarian gun-grabbing scheme was unworkable, they quietly gave themselves more time to seize our firearms - from May 2022 until October 2023.

The good news is the Liberal extension gives us seventeen extra months to fight the Liberal gun ban!

No matter who wins the Conservative leadership race, the NFA needs to make the most of this extra time to ratchet up our opposition to the disgraceful Liberal gun ban that erodes the rights of Canadian patriots like you and me.

So please, when you send me your completed Conservative Firearms Issues Survey, won't you also include a donation of \$25, \$50, \$100, \$250, \$500, or even \$1,000 or more to help the NFA renew our fight against the Liberal gun ban?

Remember, with help from friends like you, the NFA has successfully disrupted the Liberal anti-gun agenda before...

- The Chretien Liberals were forced to delay the implementation of the 1995 long-gun registry.
- The Liberals signed on to the UN Small Arms Marking Program that would stop trade and acquisition of firearms in Canada. It's been delayed for more than a decade.

As of this writing the liberals have implemented specific sections of Bill C-71, specifically those that will require sellers of non-restricted firearms to call the Canadian Firearms Centre to obtain a transfer authorization number to complete a sale.

The process for obtaining this authorization number is nothing short of ridiculous. Businesses will be required by law, upon sale, to keep a detailed records and descriptions of all non-restricted firearms sold, along with the buyer's license information. **Those records can be requested at any time by the Provincial CFO.** Private sellers, selling non restricted firearms will be asked for the buyer's and seller's license information to initiate a transfer.

The seller, buy law, must keep a detailed record of the firearm sold and the buyers license information, which can also be requested by the provincial CFO at any time. In effect, the Canadian government is resurrecting the long-dead Long Gun Registry into what will be a paperless form making businesses and individual sellers keep records for them. This is a subversive way to create a firearms data base, which will inevitably lead to a permanent record of firearms owned by law abiding firearm's owners.

The NFA is carefully monitoring government attempts to undermine our rights and will work tirelessly to reverse these unreasonable laws. We've done it before. And I know we can do it again. But we can't do it without your help.

There's no denying that for the NFA to mount the kind of resistance that forces the Liberals to back down once again, we are going to need a lot of money.

Your donation of \$25, \$50, \$100, \$250, \$500, or even \$1000 or more will show Trudeau and his NDP partners they are in for a fight!

But remember, the NFA also needs a 100% PRO-GUN Conservative Party in our corner when we take on the Liberal-NDP anti-gun agenda.

That's why it is imperative that the next Conservative leader knows **EXACTLY WHERE YOU STAND.**

I don't want you to set this letter aside until you have

- 1) Completed the Conservative Firearms Issues Survey so we can frame the issues of the Tory race; and
- 2) **Sent a new donation of \$25, \$50, \$100, \$250, \$500, or even \$1000 or more to ensure we make the most of the 17 extra months we have to fight Trudeau's gun ban.**

With your help, when we stand up to the Trudeau Liberals and their radical left-wing friends, the next Conservative leader will be fighting with us shoulder to shoulder.

I am waiting for your quick response.

Rick Igercich, President - Canada's National Firearms Association

P.S. To have an impact on the Conservative leadership candidates, I need your Conservative Firearms Issues Survey right away!

P.P.S. A formidable, well-financed campaign with a 100% PRO-GUN Conservative Party on our side will stop the Liberal-NDP gun grab. **Please send your donation today.**
